Public Works Supervisor Jason Weber was present to discuss the purchase of a new snowplow. There was $186,000.00 budgeted in 2026 for a plow truck, however, finding used equipment had been difficult which is why he started researching new equipment. The plow to be replaced is a 2000 International which was purchased in 2016 and was owned by the State of Minnesota. Jason was able to locate a 2027 Freightliner truck and was able to test drive the vehicle. The cost of the proposed truck is $259,493.88 which caused a budget shortfall of approximately $73,500.00. After reviewing the budget with the council, there is a potential of needing to use $100,000.00 in reserves. After further discussion, a motion was made by Fliss and seconded by Kack to approve the purchase of the 2027 Freightliner truck in the amount of $259,493.88 and begin to advertise the old unit for sale. All voted in favor. None voted against. The motion was carried.

David Feilmeier with DGR Engineering attended virtually to discuss change order #1 for the city's upcoming airport lighting project. The change order would modify the electrical vault footings and foundation and reduce the project cost by $13,384.38. A motion was made by Cram and seconded by Kack to approve change order #1. All voted in favor. None voted against. The motion was carried.
